Bert Gibb, D. Box; Tom Finch, Timer; Jim Smiley, Sticks.

Don't have the Wool pulled over your Eyes

Without one cent of revenue from Parks or Auditorium the rate for Parks Development and Auditorium will be 57-cents per thousand of your assessment.

Example—Your property is assessed at \$3,000. Your rate is 3x57c=\$1.71. But this does not mean an increase in your taxes. That is only the price of a Mickey, 12 pints of beer or 5 packages of cigarettes.

This Parks percentage alone this season brought in \$15,861.44 of revenue so far. NOT LEAD, EH?

It's up to you, Mr. Sportsman, to help pass this by-law.

Important Notice to Taxpayers

The Parks Development and Auditorium will not be built until after the war.

Six million dollars of debentures will be retired by 1946. Therefore, taxes should not be higher, they should be reduced.

For full, honest information regarding the by-law for Park Development and erection of Municipal Auditorium, listen to the Spectator.
